Notes:

(1) Customers who have been receiving transportation service for at least 12 consecutive months, and switch to sales service, will not be charged the Gas Cost Adjustment Charge for 12 months. (EXCEPTION: Non Priority-one customers will receive the Commodity Charge Adjustment).

Commodity Charge Adjustment effective December 3, 2011: \$0.0000. The CCA is updated monthly to reflect current market pricing.

Transportation customers who have been receiving transportation service for less than 12 consecutive months (excluding new transportation customers), and switch to sales service, will be charged the Gas Cost Adjustment Charge.

(2) Rider A % is applicable to the \$/Mcf delivery charge only.

(3) Rider E calculated by multiplying Purchased Gas Cost Rate times 3.58% (RS), 0.74% (CS-S, CS-L, IS).

OTHER FEES / CHARGES

Temporary Customer Service Line Installation \$300.00

If service to a premises would be discontinued due to a customer service line leak and gas service is required to serve essential human needs, the customer or occupant may request the installation of a temporary customer service line. If the Company is able to install such a line, at the occupant's or customer's request, a fee will be charged.

Remote Meter Reading Devices \$80.00

A remote meter reading device and associated meter can be installed at a customer's premise upon request for a fee.

Split Load \$91.00

If operationally appropriate, a single metered multi-consumer premises can be converted to separate meters attached to a single manifold. This modification is by customer request and will be charged a fee.

Field Visit Fee \$30.00

If the customer or their representative schedules a non-emergency field visit and fails to prepare for the Company's arrival, a fee may be charged.

Transfer Fee – All classes \$25.00

Connection Fee - Residential \$74.00

Connection Fee – Commercial \$98.00

**Reconnection fees are not changed and remain at \$50 for residential customers and \$80 for commercial customers.
