

IMPORTANT INFORMATION

For Energy Choice Customers

Peoples Natural Gas customers have the option of purchasing their gas supply from a non-regulated Natural Gas Supplier (NGS) through the Energy Choice Program. If you choose this option, Peoples Natural Gas still delivers this gas to your home or business and provides other needed services including billing, pipeline infrastructure maintenance and modernization, meter reading, and response to emergencies.

If you participate in the Energy Choice program, a portion of your bill represents charges from your supplier for the natural gas you use each month. A separate portion represents charges from Peoples Natural Gas for the delivery and other services noted above. Starting in January 2012, Peoples Natural Gas will, for the first time, be responsible for collecting the past due charges from certain natural gas suppliers. This means that Peoples Natural Gas may terminate your natural gas service if you fail to pay either the Natural Gas Supplier or Peoples Natural Gas portion of your bill. Peoples Natural Gas will provide written notification prior to terminating service as required by the Pennsylvania Public Utility Commission.

Questions about your natural gas supply contract should be directed to your Natural Gas Supplier. Please contact Peoples Natural Gas with questions about the Energy Choice program.

You can reach us at **1-800-764-0111**. You may also visit **www.peoples-gas.com** for more information on the Energy Choice Program.
