

MAKING YOUR LIFE BETTER.

The Energy Choice Program provides Pennsylvania customers with the opportunity to select a natural gas supplier that best meets their energy needs. Through Energy Choice, customers are able to purchase natural gas from a variety of competitive Natural Gas Suppliers that are licensed through the Pennsylvania Public Utility Commission.

WHAT IS THE PRICE-TO-COMPARE?

The Price-to-Compare represents the cost of the gas commodity that you pay when you buy gas supplies from Peoples. If the price offered by another supplier is less than the Price-to-Compare you may be able to save money on your gas bill.

Follow these steps to determine your potential annual savings on your natural gas supply.

1. Visit peoples-gas.com/shop to find Peoples' Price-to-Compare. (write on line 1)
2. Ask the Supplier for their Price-to-Compare. *Make sure you are using the same unit of measurement for the gas (i.e. Mcf).* (write on line 2)
3. Subtract the Supplier Price from the Peoples' Price-to-Compare. (write on line 3)
4. Find your average monthly gas used on your Peoples' bill.
5. Multiply your average monthly gas used by 12. (write on line 4)
6. To find out how much you could save in a year (over 12 months) multiply Savings (line 3) by your Average Annual Gas Used (line 4).

	Approved Supplier Name	
	1. Peoples' Price-to-Compare <i>(find on peoples-gas.com/shop)</i>	\$
	2. Approved Supplier Price	- \$
	3. Savings	\$
	4. Average Annual Gas Used	x
	Total Annual Savings	= \$

Please note, your actual savings may vary due to outside elements such as temperature and heating equipment.
