

Natural Gas Pipelines Are Safe

The natural gas pipeline network spans the United States and is one of the safest modes of fuel transportation today. The industry invests millions of dollars each year on research and technology to improve the system.

To keep the network safe, the natural gas pipeline industry complies with a broad regulatory program directed by the United States Department of Transportation's Pipeline Hazardous Material Safety Administration division. These regulations provide safety standards for the design, construction, maintenance, and testing of natural gas pipeline systems.

Pipeline Integrity Management Programs for transmission and distribution pipelines require operators to continually monitor pipeline integrity and perform risk analysis, especially in highly populated areas. Peoples utilizes preventive measures to reduce the risk of pipeline leaks or failures and to ensure the safe delivery of natural gas to homes and businesses in our service area.

Keep Your Furnace Healthy

Keep your furnace performing at its best with an annual furnace check-up.

Have your furnace and other gas appliances inspected by a qualified professional when cold temperatures arrive.

An inspection helps ensure reliable heat and can prevent potential problems.

Your contractor should:

- Test the thermostat.
- Visually inspect the heat exchanger, motor and vents.
- Lubricate the blower motor.
- Check the flue.
- Check the pilot light, unless your furnace features pilotless ignition.

Also, replace your furnace filters at least three times during each heating season. Keep heat registers and cold-air returns clean and clear of furniture and draperies to help the air flow properly.

You Have A Choice

Did you know that Energy Choice is available to Pennsylvania utility customers?

You do not have to purchase your natural gas from Peoples. The Energy Choice Program provides you the option of purchasing your natural gas from a state approved supplier. Visit peoples-gas.com/shopforgas for additional details, or visit the Pennsylvania Gas Switch website, pagasswitch.com, for a list of natural gas suppliers and current offers.

Peoples Offers Self-Serve Text Option

As more and more people use their phones for daily tasks, Peoples is providing another mobile option for customers: Peoples Self-Serve Text. Text our customer service number at 1-800-764-0111 during business hours to:

- Make a payment
- Check account balance
- Sign up for Budget Billing
- Request a statement
- Submit a meter reading

This Self-Serve Text option is completely automated, so you can take care of these tasks with a couple of quick text messages. If you have a question that the Self-Serve Text option can't answer, you'll be directed to one of our helpful customer service representatives.

To start your conversation, simply text "Hello" to 1-800-764-0111 between 7 am-5 pm on Monday-Friday. You'll be asked to confirm your account number to get started. If the phone you're using to text us is already connected to your account, you'll be able to verify your account without using your account number.
