

## Budget Now For Winter Bills

Our Budget Billing lets you take control of your expenses and avoid the surprise of seasonally high bills.

The budget plan is your yearly consumption averaged over a twelve month period. This allows you to pay a more consistent amount throughout the year. Peoples calculates your budget by comparing past usage information for your home with projected weather conditions and rates. To prevent any shortages or overages, Peoples will review your gas usage over the past quarter and adjust your budget amount higher or lower.

You can leave Budget Billing at any time; however when you unenroll, your account balance will be due in full.

**Joining Budget Billing is easy!**

## Third Party Notification

For retirees on the go, as well as for caregivers, our Third Party Notification can provide an alert in the event that gas service is in danger of being terminated. A friend, relative or other third party can agree to be notified of a possible service termination. The third party receives a copy of the termination notice and can take action to make sure gas service continues. The third party is never obligated to pay the bill.

**If you would like to be designated as a third party, or if you would like to designate someone to be a third party, please call customer service at 1-800-222-5101 to request a Third Party Notification enrollment form, or download the form at [peoples-gas.com/thirdparty](http://peoples-gas.com/thirdparty). Fill out the form and mail it to the address listed.**

PEOPLES NATURAL GAS PROGRAM APPLICATION

When you are ill, disabled or away from your home for long periods of time, you may not be able to pay your bills on the due date. The Peoples Natural Gas Third Party Notification Program allows you to appoint a third party. This can be a relative, friend, caregiver, or social service agency to whom you will send a copy of notice for payment due bills.

Once we inform the third party, he or she can then help to arrange payment to keep your service active. Naturally, the third party will not be legally liable for your bill.

If you or someone you care about could benefit from the Peoples Natural Gas Third Party Notification Program, please fill out the form and mail it to the address below.

# ENERGY CHOICE = YOUR CHOICE

Peoples offers a voluntary Energy Choice program that allows you the option to purchase the natural gas you use from a Pennsylvania Public Utility Commission (PUC) approved Natural Gas Supplier (NGS) instead of from Peoples. Whether you choose to purchase your gas from an NGS or from Peoples, Peoples will remain your Natural Gas Distribution Company (NGDC) and will continue to provide you with safe and reliable service to your home or business, read your meter, provide high quality customer service and respond to natural gas emergencies.

If you purchase your gas from Peoples, your natural gas bill is comprised of two main components:

- **Gas Cost** = Peoples buys Natural Gas and sells it to you for whatever price we pay for it.
- **Delivery Service** = Cost of delivering natural gas to your home or business.

The Gas Cost component is the portion of your bill that you can shop for a Natural Gas Supplier to provide. The prices charged by an NGS are not regulated by the PUC, and there is no guarantee that you'll save money, but they may offer pricing and special incentives that would fit with your individual needs, such as long term fixed pricing.

When you begin shopping for a NGS, start by checking out the "Shop For Gas" section of our website where you will find a list of approved NGS's, Price to Compare information and FAQ. You will also find a link to the PUC's website, [pagasswitch.com](http://pagasswitch.com), which will list all current pricing offers available to you.

## HOW TO ENROLL

1. Review list of approved NGS's at [peoples-gas.com/shopforgas](http://peoples-gas.com/shopforgas).
2. Assess the offers and compare prices. Visit the Pennsylvania Public Utility Commission's official shopping website, [pagasswitch.com](http://pagasswitch.com), to see what current options and prices are available for your home or business.
3. Consider the contract terms. NGS's require you to agree to contract terms, so you'll want to know the contract length and if any early termination fees exist.
4. Choose your Energy Choice supplier by contacting the NGS that best suits your needs. If you choose not to participate, Peoples will purchase the natural gas for your home or business.

## Important - Understand Your Gas Price

Residential customers — are you buying your natural gas from Peoples or from a different natural gas supplier? You have a choice! Here is how to tell from your bill if you have chosen another supplier and what your price is.

If you purchase from a different natural gas supplier, your natural gas price will be on the second page of your gas bill. **Look for a line labelled "Supplier Commodity"**. That is the natural gas commodity price (per Mcf) you are being charged by your supplier. Current offers from other natural gas suppliers can be seen at [pagasswitch.com](http://pagasswitch.com).

If you purchase natural gas from Peoples, our current "**Peoples Commodity Charge**" (commonly known as Price to Compare) is:

**\$ 2.7742 (per MCF)\***

Please understand your service options, review your bill carefully, know your Commodity Charge, and make informed decisions. For more information—go to [Peoples-gas.com/shopforgas](http://Peoples-gas.com/shopforgas)
